

Car Back Wax TDS

Product Description : 7CF® Color back wax can quickly, effectively and safely remove surface contaminants, light stains, oxidation, fine scratches and blemishes that dull your finish to leave a high gloss shine on the vehicles paint or other finishes. Its micro abrasives will not damage the paint, and will restore the brilliance and clear finish of the painted surfaces.

Applications : Suitable for automobiles, motorcycles, furniture, electroplating surfaces, etc.

Features & Benefits:

- Easily removes light scratches and surfaces contaminants
- Restores clarity
- Leaves a a brilliant high gloss

DIRECTIONS:

1. For best results, apply to a clean, cool and dry surface .
2. Dispense a small amount of product onto the applicator pad. Apply a little force on the car surface in the direction of the car body, spread evenly a thin, even coat over entire vehicle in the same direction, not suitable for ring polishing. (Apply additional section as needed until blemishes have been removed.)
3. Remove with cotton terry cloth towel, turning to a clean portion for the final wipe when the wax film slightly dry (after 5-10 minute).

Unit Package Description: 200g

Brand : 7CF

Appearance: Pale white cream

Odor: Slight odour

PH: 7.0 – 8.5

Flammability: Not Flammable

Boiling Point: Not available

Melting Point: Not available

Solubility (water): Soluble

Specific Gravity: 1.00 - 1.20

% Volatiles: > 50 %(Water)

Flash Point: Not relevant

Upper Explosion Limit: Not relevant

Lower Explosion Limit: Not relevant
