

Chain Cleaner TDS

Product Description : 7CF® Chain Cleaner is a fast-drying formula that quickly and safely removes grease, oil, brake fluid and other contaminants from chains and all other mechanical equipment(spindles, exposed gears, brake parts, rails, hinges, winding machines, cables, etc) without disassembly. And is suitable for chains with O-ring, X-ring, Z-ring.

Features & Benefits:

- Removes oil and grease-based contaminants
- Cleans without disassembly
- Leaves no residues
- Optimum penetration capacity
- No freon, safe and environmental friendly, harmless to human body.
- Stable, non-staining and non-corrosive to metals

Applications : Widely used for cleaning of chains, spindles, exposed gears, rails, hinges, winding machines, steel cables and other parts.

- Automobile
- Bicycle maintenance
- Industrial machinery, etc.

Unit Package Description: 10oz (283g)

Appearance: colourless liquid

Odour: Limonene

pH: 5.0-6.0

Specific Gravity @ 20: 0.70-0.75

Viscosity: ≤ 10 CST

Non-volatile: ≤ 2 wt%

Solubility: insoluble in water

Initial Boiling Point: 70°C

Flammability Limit (in air, % by volume)
LEL: No data

Flammability Limit (in air, % by volume)
UEL: No data

Container size	10 OZ. AEROSOL
STORAGE, HANDLING & DISPOSAL	<p>Contents are extremely inflammable and under pressure. Keep away from heat, flame, spark and any other source of ignition. Keep in ventilated cool and dry places. Do not clash, puncture, or incinerate the can. Dispose of contents/container in accordance with local/regional/national regulations.</p>
FIRST AID	<p>KEEP OUT OF REACH OF CHILDREN</p> <ol style="list-style-type: none">1. If the skin contact, wash skin and hair with running water. Seek medical attention in the event of irritation.2. If eye contact, immediately hold eyelids apart and flush the eye continuously with running water. Seek medical advice.3. If swallowed, give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink.
SPECIAL USE WARNINGS:	<p>Aerosol container: Do not pierce, burn, or store in an environment above 50 C. Exposure to high temperatures can cause the container to explode. Do not place it in direct sunlight or close to heat sources. The aerosol container is conductive. Avoid contact with all live power sources including battery terminals, solenoid coils, switchboards and other electrical components. Negligence of this warning may cause flashover and/or electric shock and cause serious injury. The ejected material is flammable, please keep away from the fire source. Avoid touching the eyes. It is harmful to humans if inhaled or swallowed. Do not pierce or burn the jar, and do not let children play.</p> <p>General rule: It can only be used in places with good ventilation. Opening doors and windows and providing mechanical assistance can improve ventilation conditions. Continuous breeze containing steam and spray should be prohibited. Avoid contact with skin and eyes. If the ventilation conditions are not adequate, respiratory protective equipment should be worn. For more information about short-term and long-term exposure, please refer to the Safety Data Sheet for this product.</p> <p>Disclaimer: Before using this product, please read all warnings and instructions on the label carefully. Before actual use, the product should be tested whether it is suitable for its specific purpose. For such data, the company does not make any representations, and does not assume any related liability for compensation.</p>
